Cofounder of School of Enlightenment

To Whom It May Concern,

I am writing to passionately recommend Hakhamanesh Karimi for the Master in TALENT management and human potential development program at AUCA University. Since June 2023, I have worked closely with Hakhamanesh. He has volunteered to teach English to Afghan girls from different provinces. These students, living in different provinces in Afghanistan, are unfortunately deprived of higher education opportunities due to the current government's laws.

Hakhamanesh has proved his commitment and dedication to this cause by delivering engaging and effective TOEFL preparation lessons and additionally provided English learning resources, including storybooks, vocabulary, and grammar materials. His method in evaluating weekly feedback represents his dedication to continuous improvement and his ability to adapt teaching methods to effectively meet the diverse needs of his students. Hakhamanesh possess a unique blend of teaching skills, cultural sensitivity, and a passion for education. He has been involved in creating a positive and inclusive learning environment.

I am confident that Hakhamanesh's educational background, and his experience in linking cultural and educational divisions, makes him an excellent candidate for the TALENT management and human potential development program at AUCA University. His integrity, dedication, and innovative approach to teaching will be invaluable assets to any academic community.

Should you need any further information or have questions, please feel free to contact me.

Sincerely,

Fabio Diamante
