Tufts | Undergraduate Admissions

Dear College Advisors and School Counselors,

Thank you for your hard work as you write recommendation letters, guide seniors and their families through the college application process, and continue to navigate disruptions this fall. The work you are doing is invaluable. Here at Tufts, we are feeling energized by our good (mostly virtual) conversations with students and counselors, and are looking forward to beginning application evaluation for the Class of 2026.

We invite you to join our [Tufts Counselor Connection](#). It is our private online portal only used by high school counselors. This portal will allow you to track application materials and see the admissions decisions for students that are applying to Tufts from your school.

To sign up for the [Tufts Counselor Connection](#), it is a two-step process; once you complete the counselor registration page, we will verify your registration. Once verified, you will receive a login name and password for use in the 2021-2022 academic year.

While you are on our website, we encourage you to check out:

- [Information for Counselors and Teachers](#): the "Counselor Corner" will be continually updated throughout the year with timely blogs and information to help you and your students.
- [BFA & Combined Degree Options](#) at the School of Museum of Fine Arts at Tufts
- [Applying to the School of Engineering](#)
- [A blogpost offering guidance on how to use the community disruption question](#)
- [A blogpost affirming that test-optional really does mean test-optional](#)
- [Many recorded events](#) from our fall virtual open house, Fall for Tufts

If you have any questions about our admissions process, please feel free to reach out to me or a [member of the Admissions staff](#).

Sincerely,

JT Duck
Dean of Admissions

P.S. I encourage you to check out our Admissions Magazine, "[JUMBO](#)", to learn more about what makes the Tufts community so special
